Dear Allsafe Customer,

In this issue we will be making you aware of The European Campaign for Safety and Health at Work for 2008-09. The campaign, with European Week October 20th - 24th, focuses on risk assessment and we have links to some great downloadable videos.

Advanced Food Safety are now able to offer a range of in-house Health & Safety courses. The Principles of COSHH (Level 2), Principles of Manual Handling and also the Level 2 Award in Health & Safety in the Workplace. These are provided as in-house courses.

Click on **[Health & Safety Courses](#)** for full details.

As an alternative option we also have our successful Health & Safety in the Workplace Distance Learning course which is still only £15:50 per person including the exam! An excellent, cost effective and consistent method of H&S training.
